SINGLE TABLE ASSEMBLY

- **1.** Lay the tabletop (**D**) upside down on a piece of cardboard or carpeted surface.
- **2.** Position the columns (**A**) on the top (**D**) and align the holes in the mounting plate with the pre-drilled holes in the tabletop. Use the provided wood screws (**B**) to attach the top. Use every hole in the mounting plate.
- **3.** For Optional Casters (C), attach to each post leg using a 14mm wrench.
- **4.** For Optional Steel Support (**E**), align with pre-drilled holes in the tabletop (**D**) and fasten using the provided wood screws.
- **5.** Holding onto the edges of the top, carefully turn the table over to the upright position.
- 6. Level the table by rotating the leveling glides.
